

Software Tool Construction

Wintersemester 2023/24

Adrian Kunz

Vorlesung 10

monaco-languageclient

- Kompatibilität: <https://github.com/TypeFox/monaco-languageclient/blob/main/docs/versions-and-history.md#monaco-editor--codingamemonaco-vscode-api-compatibility-table>
- package.json overrides: <https://github.com/TypeFox/monaco-languageclient#overrides-instructions>
- Python Client Beispiel: <https://github.com/TypeFox/monaco-languageclient/blob/main/packages/examples/src/python/client/main.ts> (verwendet WebSocket statt WebWorker, aber ansonsten sehr ähnlich)
